

## MISSOURI HIGH SCHOOL REGISTRATION REQUIREMENTS

FOR THE 2011 Target Year Pre-Registration will be required for all youth Shoots. These registration forms will be posted on MTA website. <http://www.motraps.com> Each shooter will Shoot 100 16 yard targets at a cost of \$22.00.

You can find necessary forms on [www.motraps.com](http://www.motraps.com) website. Fill out these forms and click the submit button. They will automatically be sent to MTA Headquarters. Each individual shooter must fill out individual shooter form and the coach needs to fill out the team form.

Due to large number of shooters expected to attend this years shoot, you must pre-register your teams by April 10, 2011. So get on the website and fill out the necessary information.

You will be assigned a trap and starting time on a first come first serve. We will keep your squads grouped as close together as possible so the coaches can manage their teams. If you would like to request a starting time, please email [motraps@att.net](mailto:motraps@att.net).

Fill out a separate registration form for each squad that you expect to bring, if you have individual shooters place them on a separate form. They will be placed on a squad made up of individuals from other schools. Remember, these individuals are eligible to shoot for individual trophies only.

We plan to start 24 squads at 9:00 AM with the second starting approximately 75 minutes later. We hope to have the shooting completed by 4:00 PM. If the number of squads entered exceeds this time frame, more traps will be opened to keep the shoot in this time frame. Remember, it will take a period of time for all scores to be properly tabulated, so include this additional time in your plans.

**REMINDER: NO ENTRIES WILL BE ACCEPTED AFTER APRIL 10, 2011.**

Thank You for your support of youth trapshooting.
