

# **POTTERFIELD MONEY**

**The Missouri Youth Sport Shooting Alliance (MYSSA) and Midway USA Foundation have partnered to create permanent funding for high school shooting teams in Missouri. MYSSA will award to the high school divisions money to be placed in each schools Scholastic Shooting Trust account at Midway USA Foundation, Inc. Every high school that registers a team and participates will receive \$2,000 in their school accounts and the first place high school team will receive an additional \$5,000, second place an additional \$3,500 and third, fourth and fifth place an additional \$2,500. To qualify the team must be comprised of high school students from the same high school campus and the award will be placed in their endowment account at Midway USA Foundation. This account is a permanent funding source whereby the team may ask each year for the earning from the account to fund shooting activities. More information on the Scholastic Shooting Trust and the grant process can be obtained from [www.scholasticshootingtrust.org](http://www.scholasticshootingtrust.org).**
