

MTA NEWS UPDATE

Now that the holidays are over it is time to start thinking about the 2009 shooting year.

In our January Board Meeting it was decided to replace all the wooden light poles with steel poles as they were getting rotten and unsafe. The P.A. system will be updated and repaired so it will work properly (we hope) and the TV transmitter will be supplied with a new and better booster and a new antenna tuned to our channel frequency with hopes that it will solve our broadcast problems. Also, the Club House will receive a new interior ceiling. Lyndle Pruett and his staff are working hard to get all this done so it can be tested at our next shoot.

Our first shoot of the year will be March 14th, and the 15th will be our annual team shoot. The program will be the same as last year except the cost of the 150 target team event will be \$225 per team which includes targets and trophies. An optional Lewis Class will be offered at \$25 per team. So get your friends and grab your Christmas Toys (new gun, leather shell bag or what ever Santa left you, and start the new year of at the MTA.
